

## Press release

# TGT Diagnostics appoints Andre Sayeh as new Chief Financial Officer

**Notes to Editors****About TGT Diagnostics**

TGT is the global leader in through-barrier diagnostics for the oilfield. We create powerful diagnostic systems and products that reveal flow and integrity dynamics throughout the well system, enabling oil and gas energy producers to keep wells safe, clean and productive.

Our diagnostics help the oil and gas industry to reduce emissions and achieve carbon-zero targets, enabling a sustainable energy future for everyone.

**Dubai, UAE – 28 June 2021**

TGT Diagnostics, leaders in through-barrier diagnostics for the oilfield, today announced the appointment of Andre Sayeh as Chief Financial Officer. In this role, he will be responsible for managing all aspects of TGT's finance, compliance and legal functions.

Andre will focus on maintaining the high standard of financial rigor for which TGT is well known, as well as continuously improving business processes to support our expanding geographical footprint.

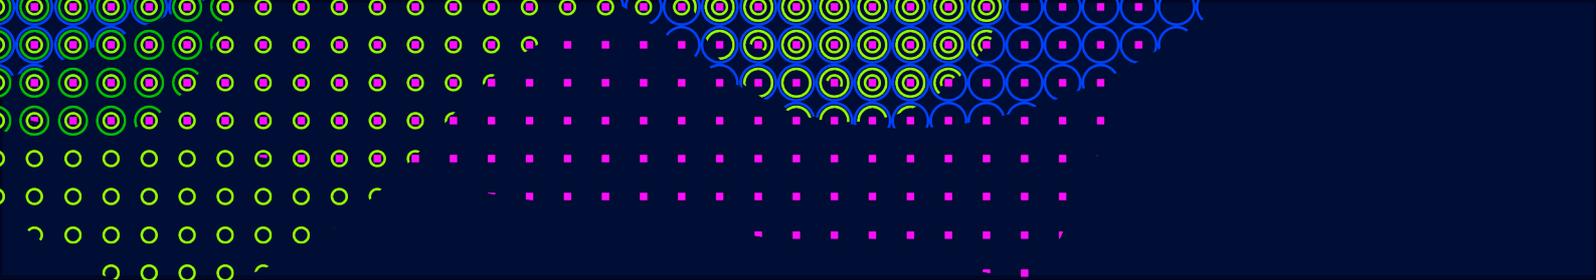

TGT CEO, Mohamed Hegazi commented, "Andre brings extensive knowledge of the finance function and an impressive depth of experience spanning strategic global roles in one of the industry's most respected brands. I'm delighted that Andre has joined our executive team at a time when there are so many positive dynamics around us, including a fast-paced digital transformation, a post-pandemic recovery, and a growing ESG momentum."

Andre joins TGT Diagnostics with more than 30-years' experience with the oilfield services firm Schlumberger. His prior roles include Global IT Vendor Management, Business Systems Special Projects and Global ERP Portfolio Manager, as well as numerous Financial Controller and Tax Manager roles for multiple businesses.

Andre holds a Bachelor's Degree in Banking and Corporate Finance, and a minor degree in

Marketing from Kuwait University. In addition to driving many financial achievements, Andre has led several global contract negotiations and 'ERP Business System' consolidation projects relating to company acquisitions. Andre also led the design and implementation of a new 'ERP Business Demand Portal' for the finance function, the concept and architecture of which was adopted by other corporate functions across the organisation.

"TGT is the category leader in oilfield diagnostics with an impressive reputation in the industry; I look forward to helping the company achieve its full growth potential and utilising my skills and experience to bring process automation to the next level." Commented Andre. "I feel privileged to be part of TGT team, as it brings unique diagnostic products that sets it apart from other brands, and I see a tremendous opportunity for the company to play a crucial role in helping the oil and gas sector deliver a sustainable future."
